Series HY42

Non-Freeze Wall Hydrants with Backflow Preventer

For Wall Thickness: 2½" - 18"

Series HY42 is an automatic draining, freezeless wall hydrant with vacuum breaker-backflow preventer protection to prevent back-siphonage. It is designed to blend with modern architecture for installation on restaurants, schools, office buildings, churches, apartments, motels, stores, shopping centers and industrial buildings.

Features

- Threaded inlet connection ¾" female or 1" male I.P.S.
- Tamper resistant Tee key operates hydrant
- Permanent type brass valve body
- Replaceable EPDM seat surface
- One piece valve plunger which accurately controls both the flow and drainage with a minimum number of turns
- Casing consists of rugged brass pipe
- Exterior finish of chrome-plated brass

Standards

ASSE Standard 1019

Pressure

Maximum Operating Pressure: 125psi (8.6 bar)

Approvals

ASSE

Canadian Standards Association

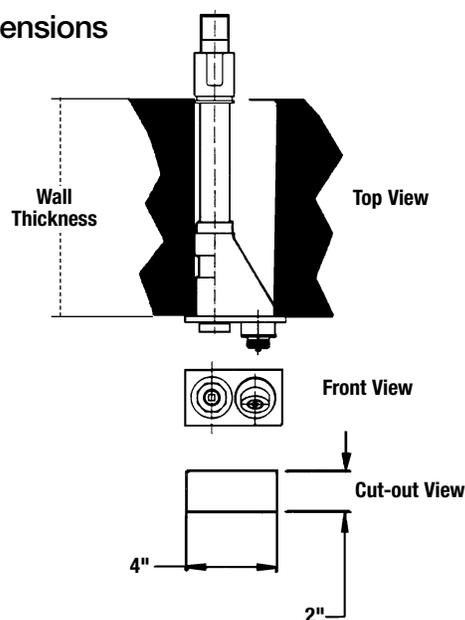

Listed by IAPMO

Specifications

Wall hydrant shall be exposed-type Watts automatic draining Series HY42 with vacuum breaker-backflow preventer protection, ¾" hose thread nozzle, one piece valve plunger to control both flow and drain functions, rugged brass pipe construction, chrome-plated brass finish. Loose Tee key to be furnished with each hydrant. Complies with ASSE 1019.

Series HY42 (with Box)

Non-Freeze Wall Hydrants with Backflow Preventer and Mounting Box

For Wall Thickness: 2½" - 18"

Series HY42 is an automatic draining, freezeless wall hydrant with vacuum breaker-backflow preventer protection to prevent back-siphonage enclosed in a flush mounting wall box. It is designed to blend with modern architecture for installation on restaurants, schools, office buildings, churches, apartments, motels, stores, shopping centers and industrial buildings.

Features

- Threaded inlet connection ¾" female or 1" male I.P.S.
- Tamper resistant Tee key operates hydrant
- Permanent type brass valve body
- Replaceable EPDM seat surface
- One piece valve plunger which accurately controls both the flow and drainage with a minimum number of turns
- Casing consists of rugged brass pipe
- Exterior finish of chrome on brass
- Box door hinges in the up position, locks in the open position allowing hose free access to either side
- Exterior finish on box and door of chrome-plated brass

Standards

ASSE Standard 1019

Pressure
